BACKGROUND

SADC-GMI's core mandate is to promote sustainable groundwater management and provide solutions to groundwater challenges in the SADC region through the creation of an enabling policy, legal and regulatory environment, capacity building, advancing research, supporting infrastructure development, enabling dialogue and enhancing the accessibility of groundwater information.

In alignment with its vision and mandate, SADC-GMI proudly announces the 6th SADC Groundwater Conference, embracing the theme "Promoting Peace Across Borders through Conjunctive Water Management." Inspired by World Water Week 2024's theme, "Water for Peace," this theme reinforces the idea that cooperative water management can catalyze prosperity and resilience to common challenges. Echoing Stockholm Water Week's vision of "Bridging Borders" for a harmonious and sustainable future, the Conference aims to emphasize the role of water as a conduit for peaceful collaboration.

The principal aim of the Conference is to establish a dynamic forum for water sector professionals, with a focus on groundwater, to share knowledge, successes, and challenges affecting our region and beyond. We are committed to advancing the groundwater agenda, showcasing its role in achieving the Sustainable Development Goals within the SADC region.

SADC-GMI is committed to making this Conference a permanent feature on its annual calendar, with the first instalment held in 2018. However, the continuation of the Conference depends on the support received from the partners at all levels, namely national, regional, and international. A regionally constituted Organizing and Technical Committee were established to spearhead quality assurance throughout the process to ensure that the Conference attains the anticipated very high international standards consistent with the SADC-GMI brand.

SADC-GMI, therefore, invites contributions from all key water sector stakeholders through sponsorships and donations to join us in championing sustainable groundwater development in the SADC Region.
OBJECTIVE

The Conference is primarily aimed at fostering knowledge exchange for sustainable groundwater management within and across national borders among SADC member states, especially in the context of climate-related challenges.

WHY SPONSOR SADC-GMI CONFERENCE?

SADC-GMI is a Not-for-Profit Company (NPC) registered in South Africa to deliver its regional mandate as a subsidiary structure of the SADC Secretariat in Botswana. SADC-GMI relies on project funding, making business sponsorship crucial for our events.

Benefits for Sponsors:

- Your BRAND will be prominently featured at the event ensuring widespread brand visibility among key regional players in the groundwater sector.
- Customized PACKAGES ensuring maximum value, market expansion, aligning with your specific business objectives.
- Demonstrate Corporate Social Responsibility (CSR) and commitment to addressing critical water challenges.

Depending on package, your brand will be showcased in various conference materials including:
- Abstract books
- Conference newsletters
- PowerPoint templates
- Banners
- Other delegate materials before and during the conference
